

**ISIE 2007 – IEEE International Symposium on Industrial Electronics**  
June 4-7, 2007, Centro Cultural & Centro Social Caixanova, Vigo, Spain

**Special Session on  
Education in Engineering and Industrial Technologies**

**organized by**

Luis Gomes, Universidade Nova de Lisboa, Portugal, (lugo@ieee.org)  
Rui Esteves Araújo, Universidade do Porto, Portugal (raraujo@fe.up.pt)  
Seta Bogosyan, University of Alaska Fairbanks, USA (s.bogosyan@uaf.edu)

**sponsored by**

IEEE IES Technical Committee on "Education in Engineering and Industrial Technologies"

**Call for Papers**

Topics of interest include, but are not limited to:

- Curricula/course development in industrial technologies
- Simulation/emulation versus real experimentation within Remote versus Virtual versus On-site laboratories
- Successful remote laboratories: case studies providing added value to open and distance learning
- Distance learning
- Industrial technologies and pre-college education
- Methods to reinforce Quality Teaching and Learning in Engineering
- Educational issues impacts considering different ecological sustainability challenges

**Submission procedure: The same as for regular papers.**

**Submission deadlines: December 18<sup>th</sup>, 2006 (if you need some extra days, please contact organizers by the deadline; organizers will be glad to receive your submission even after this deadline).**

All the instructions for paper submission are included in the conference website:
