

ISIE 2007 – IEEE International Symposium on Industrial Electronics
June 4-7, 2007, Centro Cultural & Centro Social Caixanova, Vigo, Spain

Special Session on

FAULT-TOLERANT POWER ELECTRONIC CONVERTERS

organized by

José Rodríguez (jose.rodriguez@elo.utfsm.cl), Josep Pou (pou@eel.upc.edu) and
Salvador Ceballos (sceballos@robotiker.es)

Call for Papers

Topics of interest include, but are not limited to:

- Fault-tolerant converter topologies
- Fault detection, location, and management
- Control before and after failure
- Reliability analysis in power electronic converters
- Application fields (industry, energy generation, airspace, etc.)

Submission procedure and deadlines: The same as for regular papers.

All the instructions for paper submission are included in the conference website:
